 2. Failure to complete the required forms as described above with the required information, e.g., if the box on the form is blank may result in a determination that the Bid is non-responsive.
- C. **Bidder shall provide the DIR Registration Number for the Bidder and all identified subcontractors and ensure that such subcontractors are currently registered with the California Department of Industrial Relations under California Labor Code section 1725.5.**
- D. In conformance with Public Contract Code section 7106, a Noncollusion Affidavit (Section 00 45 80) is included with the Bid Form. Signing the Bid Form shall also constitute signature of the Noncollusion Affidavit.
- E. Bidder shall list on the Bid Form its current contractor license number and San Francisco business tax registration certificate number, as well as the current contractor license number and San Francisco business tax registration certificate number for each Subcontractor listed on the Proposed Subcontractors Form. 1.10 DEBARMENT AND SUSPENSION CERTIFICATION REQUIREMENTS

- A. Bidder shall complete and submit with its Bid the Certification of Bidder Regarding Debarment and Suspension form (Section 00 45 82).

- B. Bidder further agrees by submitting its Bid that it will require its subcontractors, lower-tier subcontractors and suppliers to complete and submit to the City within 5 working days after the date of the City's notification of the lowest Bidder the Certification of Subcontractor, Lower-Tier Subcontractor or Supplier Regarding Debarment and Suspension form (Section 00 49 14) for lower tier covered transactions of \$25,000 or more.
- C. The inability of Bidder or its subcontractors, lower-tier subcontractors or suppliers to provide the above certifications will not necessarily result in denial of award of the Contract. In the event that Bidder or its subcontractor, lower-tier subcontractor or supplier is unable to provide such certification because it currently violates or has previously violated conditions of the certification, a description of each instance of violation and explanation shall be attached to its certification. The certification or explanation will be considered in connection with the City's determination whether to award the Contract. However, failure of Bidder or its subcontractors, lower-tier subcontractors or suppliers to furnish a certification or an explanation may disqualify such Bidder from eligibility for award of the Contract.
- D. Bidder agrees by submitting its Bid that, should Bidder be awarded the Contract, Bidder shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this Contract, unless authorized by the City.
- E. The certifications (Sections 00 45 82 and 00 49 14) are a material representation of fact upon which reliance is placed when the City determines to enter into the Contract for this Project.
1. Contractor shall provide immediate written notice to the City if at any time Contractor learns that its certification or the certification of a lower tier participant was erroneous when submitted or has become erroneous by reason of changed circumstances.
- F. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this Article "Debarment and Suspension Certification Requirements", shall have the meanings set forth in the "Definitions" and "Coverage" sections of rules implementing Federal Executive Order 12549.
- G. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.
- H. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this Article "Debarment and Suspension Certification Requirements". The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- I. Except for transactions authorized under Paragraph C of this Article "Debarment and Suspension Certification Requirements", if a participant in a covered transaction knowingly

enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in the Contract for this project, in addition to other remedies available, the City or other government agency may terminate the Contract for cause or default.

- B. The City will accept and consider the following types of Objections and Protests if they are timely submitted and meet all other applicable requirements of this Paragraph:
 - 1. Written Objections to any provision or legal requirement set forth in or imposed by the Bid and Contract Documents by a prospective Bidder that are apparent, or reasonably discoverable, prior to the submission of Bids;
 - 2. Bid Protests submitted by a Bidder after Bid opening against another Bidder or Bidders; and
 - 3. Protests submitted by a Bidder whose Bid has been rejected by the City based on a determination by the City that the Bid is non-responsive and/or the Bidder is not responsible.
- C. Objections Prior to Submission of Bids. Should a prospective Bidder object on any ground to any provision or legal requirement set forth in the Bid and Contract Documents (including all Addenda), including but not limited to Objections based on allegations that: (i) the Bid or Contract Documents are unlawful in whole or in part; (ii) one or more of the requirements of the Bid or Contract Documents is onerous, unfair or unclear; (iii) the structure of the Bid Documents does not provide a correct or optimal process for the solicitation of the Work; (iv) the Bid or Contract Documents contain one or more ambiguity, conflict, discrepancy or other error; or (v) the Bid or Contract Documents unnecessarily precludes alternative solutions to the Work, the prospective Bidder must provide timely written notice of Objection as set forth below.
 - 1. **An Objection must be in writing and must be received by the City no later than 10 calendar days prior to the date of Bid opening.** If an Objection is mailed, the prospective Bidder bears the risk of non-delivery within the required time period. Objections should be transmitted by Certified Mail-Return Receipt Requested or by other means that objectively establish the date of receipt by the City. Telephoned Objections will not be considered.

 - 3. The Objection shall state the basis for the Objection, refer to the specific requirement or portion of the Bid or Contract Documents at issue, and shall describe the modification to the Bid or Contract Documents sought by the prospective Bidder. The Objection shall also include the name, address, telephone number, and email address of the person representing the prospective Bidder.
 - 4. The City, at its discretion, may make a determination regarding an Objection without requesting further documents or information from the prospective Bidder who

submitted the Objection. Accordingly, the initial Objection must include all grounds of objection and all supporting documentation or evidence reasonably available to the prospective Bidder at the time the Objection is submitted. If the prospective Bidder later raises new grounds or evidence that were not included in the initial Objection, but which could have been raised at that time, then the City may not consider such new grounds or new evidence.

5. Upon receipt of a timely and proper Objection, the City will review the Objection and conduct an investigation as it deems appropriate. As part of its investigation, the City may consider information provided by sources other than prospective Bidder. At the completion of its investigation, the City will provide a written determination to the prospective Bidder who submitted the Objection. If required, the City may extend the Bid opening date to allow sufficient time to review and investigate the Objection, and issue Addenda to all Bidders incorporating any necessary changes to the Bid or Contract Documents.
 6. Objections not received within the time and manner specified will not be considered. **A Bidder's failure to provide the City with a written Objection as specified above on or before the time specified above shall constitute a complete and irrevocable waiver of the ground(s) of objection and forfeit the Bidder's right to raise such ground(s) of objection later in the procurement process, in a Government Code Claim, or in other legal proceedings.**
 7. A Bidder may not rely on an Objection submitted by another Bidder, but must timely pursue its own Objection.
- D. Bid Protest Against Another Bidder. A Bidder may file a protest with the City against another Bidder or Bidders subject to the provisions of this Paragraph. The procedures and time limits set forth in this Paragraph are mandatory and are a Bidder's sole and exclusive remedy in protesting other Bidders' Bids. **Failure to comply with these procedures shall constitute a waiver of any right to pursue the Bid Protest, including filing a Government Code claim or other legal proceedings.** Bid Protests shall be subject to the following time limitations, restrictions and procedures.
1. A Bid Protest shall be in writing and shall be received by the City no later than 5:00 p.m. on the 5th working day after the date of Bid opening. If a Bid Protest is mailed, the Bidder filing the Protest bears the risk of non-delivery within the required time period. Protests should be transmitted by Certified Mail-Return Receipt Requested or by other means that objectively establish the date of receipt by the City. Telephoned Protest will not be considered.
 2. The Bidder filing the Protest must concurrently transmit a copy of the initial Protest document and any attached documentation to the other Bidder(s) who may be adversely affected by the outcome of the Protest.
 3. The City will provide the protested Bidders with 5 working days from their receipt of a Bid Protest to respond to the Protest.
 4. Bid Protests, responses, and supplemental information, if any, shall be transmitted to Uday Prasad (he/him/his), PE, SE Acting Chief Harbor Engineer, Port of San Francisco (uday.prasad@sfport.com).
 5. The Bid Protest shall state the basis for the Protest and provide supporting evidence, refer to the specific portion(s) of the Bid that forms the basis of the Protest, and include the name, address, telephone number, and email address of the person representing the prospective Bidder.
 6. The City, at its discretion, may make a determination regarding a Protest without requesting further documents or information from the prospective Bidder who submitted the Protest. Accordingly, the initial Protest submittal must include all

grounds of Protest and all supporting documentation or evidence reasonably available to the prospective Bidder at the time the Protest is submitted. If the prospective Bidder later raises new grounds or evidence that were not included in the initial Protest submittal, but which could have been raised at that time, then the City may not consider such new grounds or new evidence.

7. Upon receipt of a timely and proper Protest, the City will review the Protest and conduct an investigation as it deems appropriate which, among other things, may include the review of information provided by or available from sources other than the protesting and protested Bidders. The City may also consider supplemental correspondence relating to the original ground(s) of Protest submitted by a protesting Bidder and/or a protested Bidder to the extent the City determines that such information will assist it in resolving the Protest. At the completion of its review and investigation, the City will provide a written determination to the Bidder who submitted the Protest, with a copy to the protested Bidder(s).
 8. Protests not received within the time and in the manner specified may not be considered.
 9. A Bidder may not rely on a Protest submitted by another Bidder, but must timely pursue its own Protest.
 10. If the City determines that a Protest is frivolous, the protesting Bidder may be determined to be non-responsible and that Bidder may be determined to be ineligible for future contract awards.
- E. Rejection of a Bid by the City. If the City determines that a Bidder's Bid is non-responsive or that a Bidder is not responsible, the City will issue a Notice of non-responsiveness and/or non-responsibility, as appropriate. Determination of the Notice will set forth the basis for the City's determination and rejection of the Bid.

*Note: LS = Lump Sum; EA= Each; LF = Linear Feet; SF = Square Feet; CY = Cubic Yards; AL= Allowance

The City reserves the right after opening Bids to reject any or all Bids, and to waive any minor irregularity in a Bid. In case of discrepancy between the sum of Bid item amounts and the Total Bid Price, the sum of said amounts shall prevail. In the case of discrepancy between words and figures, the words shall prevail. In case of discrepancy between unit prices Bid and extensions thereof, said unit prices shall prevail.

MOBILIZATION BID ITEM. Bidder agrees that (a) if the mobilization amount exceeds the limitation provided, the City will include the full line item amount in calculating the Total Bid Price, but will pay the excess amount over the course of the Contract based on the progress of the work, and (b) if the Bidder leaves the mobilization line item blank, the City will read the item as \$0 for purposes of calculating the Total Bid Price and the Bidder shall NOT be able to claim a clerical error on that basis.

Bidder acknowledges that quantities are not guaranteed and final payment will be based on the actual quantities determined as provided in the Contract Documents.

ALTERNATES: The following alternates will be selected by the City in a specific descending order of priority which will be announced immediately before the opening of the Bids. In addition, the amount available in the construction budget will be announced immediately before the opening of the Bids.

The Contract, if awarded, will be awarded to the responsible Bidder who submits the lowest responsive Bid based on the lowest overall cost to the City for the Total Bid Price with or without additive or deductive alternate(s) selected by the City in a descending order of priority as follows:

1. If the Total Bid Price of the responsible Bidder who submits the lowest responsive Bid does not exceed the construction budget amount, then the Contract will be awarded to the responsible Bidder who submits the lowest responsive Bid and whose Total Bid Price and greatest number of additive alternates selected by the City in a descending order of priority do not exceed the construction budget amount.
2. If the Total Bid Price of the responsible Bidder who submits the lowest responsive Bid exceeds the construction budget amount, then the Contract will be awarded to the responsible Bidder who submits the lowest responsive Bid and whose Total Bid Price and least number of deductive alternates selected by the City in a descending order of priority do not exceed the construction budget amount.

The City reserves the right to award to the responsible Bidder who submits the lowest responsive Bid based on:

- a. the Total Bid Price and all deductive alternates in the event that the Total Bid Price and all deductive alternates exceeds the construction budget amount, or
- b. the Total Bid Price without alternates in the event that the Total Bid Price exceeds the construction budget amount and there are no deductive alternates.

The Bidder further proposes and agrees that if an Alternate is incorporated in the Contract within up to Error! Reference source not found. **months** after the date of the City's written notification of award of the Contract, the Contract Sum will be adjusted by the addition of the Alternate Price bid for the selected Alternate.

| Alternate No. | Alternate Description | Amount |
|---------------|---|---------------|
| 1 | <i>Description of Alternate 1.</i> ADD Lump Sum: | \$ _____ - |
| 2 | <i>Description of Alternate 2.</i> DEDUCT Lump Sum: | \$ _____ - |

Notes:

1. Alternates shall cover all costs of alternate Work as indicated on the Bid Documents only and shall not include Work of Base Bid or any Bid items of the Total Bid Price. Alternate prices shall include markups for overhead and profit. The Bidder shall be responsible to indicate by using plus (+) or minus (-) signs whether alternate amounts are intended to be added to, or subtracted from, the Total Bid Price.
2. The City will make the actual addition of Alternates to or subtraction of Alternates from the Total Bid Price. In case an additive Alternate amount does not include a plus or minus sign, the amount will be presumed to be additive to the Total Bid Price. In case a deductive Alternate amount does not include a plus or minus sign, the amount will be presumed to be deductive from the Total Bid Price.

In accordance with San Francisco Administrative Code section 6.20, no quote shall be accepted and the City shall make no award should the lowest quotation of a responsible bidder on this contract be in excess of \$400,000.

Bidder acknowledges and agrees that this Bid, if not withdrawn prior to the scheduled time for receipt of Bids, shall not be withdrawn for a period of **120 days** thereafter.

Department of Industrial Relations Registration: The undersigned further declares that the Bidder is compliant with the registration requirements of the California Department of Industrial Relations (“DIR”) under California Labor Code section 1725.5

SECTION 00 43 36

PROPOSED SUBCONTRACTORS FORM

Date

Name of Firm, Corporation, Partnership, or Joint Venture

This Document implements listing requirements for subcontractors who will perform work in excess of one-half of one percent of the Total Bid Price [Admin. Code § 6.21(A)(9) and California Public Contract Code §§ 4100 – 4114].

Important Notice: No subcontractor may be listed in a bid for a public works project unless registered with the California Department of Industrial Relations (“DIR”) pursuant to Labor Code § 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code § 1771.1(a)]. An inadvertent listing of a subcontractor who is not registered under § 1725.5 will not be grounds for a bid protest or for determining a bid nonresponsive if the conditions set forth in Labor Code § 1771.1(c)(1) or (2) are met.

A. Subcontractors Who Will Perform Work In Excess of ½ of 1% Of Total Bid Price

Bidder shall submit with its bid a subcontractor list using the form below. Bidder shall identify each subcontractor¹ who will perform work in an amount in excess of one-half of one percent of Bidder's Total Bid Price. If this project involves the construction of streets, highways, or bridges, Bidder shall submit with its bid a subcontractor list, using the form below, identifying each subcontractor who will perform work in excess of one-half of one percent of the Total Bid Price, or \$10,000, whichever is greater.

At a minimum, Bidder must provide the following information with its Bid for each listed subcontractor: (i) name and email [Box 2]; (ii) location of the place of business [Box 3]; (iii) portion of work that will be performed by the subcontractor [Box 4] and (iv) the current valid subcontractors license [Box 8]. In addition, for items or portions of work not fully subcontracted, e.g., indicated as "partial," Bidder must provide the amount of subcontract work [Box 10] either at the time of Bid or within 24 hours after Bid opening. Bidders may provide additional identifying information [e.g., Boxes 5, 6, 7 and/or 9] within 24 hours of Bid opening.

If the City cannot identify the intended subcontractor or portion of work based on the information provided by Bidder, or where Bidder provides conflicting information, the City may consider the subcontractor or portion of work unlisted for purposes of Public Contract Code § 4106. An "unlisted" determination may render a Bid non-responsive if the technical specifications require that the work in question be performed by a subcontractor. In addition, an "unlisted" determination may render a Bidder not responsible if Bidder is not qualified to self-perform the work in question.

B. LBE Subcontractors, Suppliers and Service Contractors

Subcontracting goal does not apply to this Contract. LBE subcontractors, suppliers and service contractors are not required to be identified and listed, except as required under paragraph A above.

¹For the purposes of Paragraph A, the term "subcontractor" shall mean a contractor as defined in California Public Contract Code § 4113.

Contractor shall be responsible for all losses not covered by the policy, excluding damage caused by earthquake and flood consistent with section 7105 of the California Public Contract Code in excess of 5 percent of the Contract Sum, including the deductibles. All policies of insurance and certificates shall be satisfactory to the City.
- C. The Contractor and its subcontractors shall comply with the provisions of California Labor Code section 3700. Prior to commencing the performance of work, the Contractor and all of its subcontractors shall submit to the awarding department a certificate of insurance against liability for workers compensation or proof of self-insurance in accordance with the provisions of the California Labor Code.
- D. Liability insurance, with an allowable exception for professional liability insurance, shall be on an occurrence basis, and said insurance shall provide that the coverage afforded thereby shall be primary coverage (and non-contributory to any other existing valid and collectable insurance) to the full limit of liability stated in the declaration, and such insurance shall apply separately to each insured against whom claim is made or suit is brought, but the inclusion of more than one insured shall not operate to increase the insurer's limits of liability.
- E. Should any of the required insurance be provided under a form of coverage that includes an annual general aggregate limit or provides that claims investigation or legal defense costs be included in such annual general aggregate limit, such general annual aggregate limit shall be two times the occurrence limits stipulated. City reserves the right to increase any insurance requirement as needed and as appropriate.
- F. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Contract, and without lapse, for a period 4 years beyond the Contract Final Completion date, to the effect that, should occurrences during the Contract term give rise to claims made after expiration of the Contract, such claims shall be covered by such claims-made policies.
- G. Contractor shall provide 30 days' advance written notice to the City of cancellation, intended non-renewal, or reduction in coverage, except for non-payment for which no less than 10 days' notice shall be provided to City. Notice shall be provided to Port sent to:

If, at any time during the life of this Contract, Contractor fails to maintain any item of the required insurance in full force and effect, all Work of this Contract may, at City's sole option, be discontinued immediately, and all Contract payments due or that become due will be withheld, until notice is received by the City as provided in the immediately preceding Subparagraph "I" that such insurance has been restored to full force and effect and that the premiums therefor have been paid for a period satisfactory to the City.
- K. Any failure to maintain any item of the required insurance may, at City's sole option, be sufficient cause for termination for default of this Contract.
- L. The requirements contained in this section shall in no way be construed to limit or eliminate the liability of Contractor which arises from performance of the Work under this Agreement nor shall the purchase and maintenance of the insurance described in this section release Contractor from its respective obligations or liabilities under this Agreement. Contractor is responsible for any losses, claims, and costs of any kind which exceed the policy's Limits of Liability, or which may be outside the coverage scope of the policy described in this section.

1.6 QUALIFICATIONS

- A. Insurance companies shall be legally authorized to engage in the business of furnishing insurance in the State of California. All insurance companies shall have a current A.M. Best Rating not less than "A-, VIII" and shall be satisfactory to the City.

SECTION 00 73 30

LOCAL HIRING REQUIREMENTS

1.1 SUMMARY

- A. This Section 00 73 30 incorporates applicable requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Section 6.22(g) and Chapter 82 of the San Francisco Administrative Code. The Provisions of the Policy are hereby incorporated as a material term of this Contract. Contractor agrees that (i) Contractor shall comply with all applicable requirements of the Policy; (ii) the provisions of the Policy are reasonable and achievable by Contractor and its Subcontractors; and (iii) they have had a full and fair opportunity to review and understand the terms of the Policy.
- B. The Office of Economic and Workforce Development (OEWD) is responsible for administering the Policy. For more information on the Policy and its implementation, please visit the OEWD website at: [Office of Labor Standards Enforcement | SF.gov \(https://www.sf.gov/departments--office-labor-standards-enforcement\)](https://www.sf.gov/departments--office-labor-standards-enforcement)
- C. Meeting the local hiring requirements of the Policy as set forth in this Document will satisfy Contractor's obligations under the [City's First Source Hiring Program \(San Francisco Administrative Code Chapter 83\)](#).

1.2 DEFINITIONS

- A. "Apprentice" means any worker who is indentured in a construction apprenticeship program that maintains current registration with the State of California's Division of Apprenticeship Standards.
- B. "Area Median Income (AMI)" means unadjusted median income levels derived from the Department of Housing and Urban Development ("HUD") on an annual basis for the San Francisco area, adjusted solely for household size, but not high housing cost area.
- C. "Covered Project" means a public work or improvement or part thereof with estimated cost in excess of the Threshold Amount as set forth in Section 6.1 of the San Francisco Administrative Code.
- D. "Non-covered Project" means any construction projects not covered by the San Francisco Local Hiring Policy.
- E. "Disadvantaged Worker" means a local resident, who (i) resides in a census tract within the City with a rate of unemployment in excess of 150% of the City unemployment rate; or (ii) at the time of commencing work on a covered project has a household income of less than 80% of the AMI, or (iii) faces or has multiple barriers to employment as set forth in Section 82.3 of the Administrative Code.
- F. "Local Resident" means an individual who is domiciled, as defined by Section 349(b) of the California Election Code, within the City at least seven (7) days prior to commencing work on the project. For projects outside the jurisdictional boundaries

of the City, “local resident” also applies to residents within the San Francisco Public Utilities Commission service territory, except where a reciprocity agreement exists with another local agency, in which case the reciprocity agreement controls.¹

- G. “Project Work Hours” means the total work hours worked on a construction contract by all apprentices and journey-level workers, whether those workers are employed by the Contractor or any Subcontractor.
- H. “Job Notification” means the written notice of any Hiring Opportunities from Contractor to CityBuild. Contractor shall provide Job Notifications to CityBuild with a minimum of 3 business days’ notice.
- I. “Targeted Worker” means any Local Resident or Disadvantaged Worker.

1.3 LOCAL HIRING REQUIREMENTS

- A. Total Project Work Hours By Trade. For all Covered Projects advertised for bids on or after March 25, 2013, the mandatory participation level in terms of Project Work Hours within each trade to be performed by Local Residents is 30%, with a goal of no less than 15% of Project Work Hours within each trade to be performed by Disadvantaged Workers.
- B. Apprentices. For all Covered Projects, at least 50% of the Project Work Hours performed by apprentices within each trade shall be performed by Local Residents, with a goal of no less than 25% of Project Work Hours performed by apprentices within each trade to be performed by Disadvantaged Workers.
- C. Out-of-State Workers. For all Covered Projects, Project Work Hours performed by residents of states other than California will not be considered in calculation of the number of Project Work Hours to which the local hiring requirements apply. Contractors and Subcontractors shall report to the Port of San Francisco **Error! Reference source not found.** and OEWD the number of Project Work Hours performed by residents of states other than California.
- D. Pre-construction or other Local Hire Meeting. Prior to commencement of construction on Covered Projects, Contractor and its Subcontractors identified in the Local Hiring Forms as contributing toward the mandatory local hiring requirement shall attend a preconstruction or other Local Hire_meeting(s) convened by awarding department or OEWD staff. Representatives from Contractor and the Subcontractor(s) who attend the pre-construction or other Local Hire_meeting must have hiring authority.
- E. The Policy does not limit Contractor's or its Subcontractors' ability to assess qualifications of prospective workers, and to make final hiring and retention decisions. No provision of the Policy shall be interpreted so as to require a Contractor or Subcontractor to employ a worker not qualified for the position in question, or to employ any particular worker.

¹ For Covered Projects located in whole or in part in San Mateo County, the following reciprocity agreement controls:
<http://oewd.org/sites/default/files/Workforce/Workforce-Docs/SFO-SM%20reciprocity%20agreement.pdf>

1.4 CITYBUILD WORKFORCE DEVELOPMENT PROGRAM; EMPLOYMENT NETWORKING SERVICES

- A. OEWD administers the CityBuild Program. CityBuild is a resource for Contractor and Subcontractors to use in meeting local hiring requirements under the Policy. CityBuild has two main goals:
1. Assist with local hiring requirements under the Policy by connecting Contractor and Subcontractors with qualified journey-level, apprentice, and pre-apprentice local residents.
 2. Promote training and employment opportunities for disadvantaged workers of all ethnic backgrounds and genders in the construction work force.
- B. Where Contractor's or its Subcontractors' preferred or preexisting hiring or staffing procedures for a Covered Project do not enable Contractor to satisfy the local hiring requirements of the Policy, the Contractor or Subcontractor shall use other procedures to identify and retain Targeted Workers, including the following:
1. Requesting to connect with workers through CityBuild, with qualifications described in the request limited to skills directly related to performance of job duties.
 2. Considering Targeted Workers networked through CityBuild within three business days of the request and who meet the qualifications described in the request. Such consideration may include in-person interviews. All workers networked through CityBuild will qualify as Disadvantaged Workers under the Policy. Neither Contractor nor its Subcontractors are required to make an independent determination of whether any worker is "disadvantaged" as defined in the Policy.

1.5 CONDITIONAL WAIVER FROM LOCAL HIRING REQUIREMENTS

- A. Contractor or the Subcontractor may use one or more of the following pipeline and retention compliance mechanisms to receive a conditional waiver from the local hiring requirements on a project-specific basis. All requests for conditional waivers must be submitted to OEWD for approval.
1. Specialized Trades. OEWD has published a list of trades designated as "Specialized Trades" for which the local hiring requirements of the Policy will not apply. The list is available on the OEWD website. Contractor and its Subcontractors shall report to OEWD the project work hours utilized in each designated Specialized Trade and in each OEWD-approved project-specific Specialized Trade.
 2. Credit for Hiring on Non-Covered Projects. Contractor and its Subcontractors may accumulate credit hours for hiring Targeted Workers on Non-Covered Projects in the nine-county San Francisco Bay Area and apply those credit hours to contracts for Covered Projects to meet the mandatory local hiring requirement. For hours performed by Targeted Workers on Non-Covered Projects, the hours shall be credited toward the local hiring requirement for this Contract provided that:
 - a. the Targeted Workers are paid the prevailing wages for work on the Non-Covered Projects; and

- b. for Non-Covered Projects located in the City, the number of hours to be credited for the Non-Covered Project exceed one-half of the number of hours that would be required if the project were a Covered Project.
3. Sponsoring Apprentices. Contractor or a Subcontractor may agree to sponsor an OEWD-specified number of new apprentices in trades in which noncompliance is likely and retaining those apprentices for the period of Contractor's or a Subcontractor's work on the project. OEWD will verify with the California Department of Industrial Relations that the new apprentices are registered and active apprentices.
4. Direct Entry Agreements. OEWD is authorized to negotiate and enter into direct entry agreements with apprenticeship programs that are registered with the California Department of Industrial Relations' Division of Apprenticeship Standards. Contractor may avoid assessment of penalties for non-compliance with the Policy by Contractor or Subcontractor hiring and retaining apprentices who are enrolled through such direct entry agreements. Such exception from assessments of penalties is subject to review and approval by OEWD.

1.6 LOCAL HIRING FORMS

- A. Contractors shall submit the following forms (which can be accessed at: [CityBuild Forms | SF.gov \(https://www.sf.gov/resource--2022--citybuild-forms\)](https://www.sf.gov/resource--2022--citybuild-forms)), as applicable, to the Port of San Francisco and OEWD **within 15 calendar days of notice of Award:**
 1. Form 1: Local Hiring Workforce Projection. The City will not issue Notice to Proceed (NTP) until Contractor completes and submits a Local Hiring Workforce Projection. Access the form at: [Form 1 Local Hiring Workforce Projection- 05.13.11.doc \(https://view.officeapps.live.com/op/view.aspx?src=https%3A%2F%2Foewd.org%2Fsites%2Fdefault%2Ffiles%2FDocuments%2FForm%25201%2520Local%2520Hiring%2520Workforce%2520Projection-%252005.13.11.doc&wdOrigin=BROWSELINK\)](https://view.officeapps.live.com/op/view.aspx?src=https%3A%2F%2Foewd.org%2Fsites%2Fdefault%2Ffiles%2FDocuments%2FForm%25201%2520Local%2520Hiring%2520Workforce%2520Projection-%252005.13.11.doc&wdOrigin=BROWSELINK).
 3. Form 2: Local Hiring Plan. For Covered Projects estimated to cost more than \$1,000,000, Contractor shall prepare and submit to Contracting City Agency and OEWD for approval a Local Hiring Plan for the project using OEWD Form 2. The OEWD-approved Local Hiring Plan will be incorporated into this Contract as a Contract Document, and will serve as the basis for determining Contractor's and its Subcontractors' compliance with local hiring requirements.
 - i. a. The City will not issue NTP until Contractor submits the Local Hiring Plan. Contractor shall be fully responsible for any delays to NTP and associated damages incurred by the City caused by Contractor's failure to timely submit a Local Hiring Plan.
 - ii. b. The Local Hiring Plan must be reviewed and approved in writing by OEWD before any Application for Payment can be approved and progress payment paid to Contractor.

2. c. Upon commencement of work, Contractor and its Subcontractors may submit Job Notifications to CityBuild to connect with local trades workers.
3. Form 4: Conditional Waivers. To be completed by Contractor in the event that Contractor or a Subcontractor believes the local hiring requirements cannot be met. Refer to Articles 1.4 and 1.5 for more information regarding conditional waivers.

1.7 ENFORCEMENT, RECORD KEEPING, NONCOMPLIANCE AND PENALTIES

- A. Subcontractor Compliance. Contractor shall ensure that Subcontractors of all tiers comply with applicable requirements of the Policy. Refer to Administrative Code Section 82.7(d).
- B. Reporting. As required by Subparagraph 9.03M of the General Conditions (Section 00 72 00) Contractor shall submit certified payrolls to the City electronically using the Project Reporting System. OEWD and the Port of San Francisco will monitor compliance with the Policy electronically.
- C. Recordkeeping. Contractor and each Subcontractor shall keep, or cause to be kept, for a period of four years from the date of Substantial Completion of project work, certified payroll and basic records, including time cards, tax forms, and superintendent and foreman daily logs, for all workers within each trade performing work on the Project.
 1. Such records shall include the name, address and social security number of each worker who worked on the covered project, his or her classification, a general description of the work each worker performed each day, the apprentice or journey-level status of each worker, daily and weekly number of hours worked, the self-identified race, gender, and ethnicity of each worker, whether or not the worker was a local resident, and the referral source or method through which the contractor or subcontractor hired or retained that worker for work on the covered project (e.g., core workforce, name call, union hiring hall, City-designated referral source, or recruitment or hiring method).
 2. Contractor and Subcontractors may verify that a worker is a Local Resident by following OEWD's domicile policy.
 3. All records described in this subsection shall at all times be open to inspection and examination by the duly authorized officers and agents of the City, including representatives of the awarding department and the OEWD.
- D. Monitoring. From time to time and in its sole discretion, OEWD and/or the awarding department may monitor and investigate compliance of Contractor and Subcontractors working on the Project with requirements of this Policy. Consistent with the Access to Work provisions of Paragraph 3.13 of the General Conditions (Section 00 72 00), Contractor shall allow representatives of OEWD and the awarding department, in the performance of their duties, to engage in random inspections of the Site. Contractor and all Subcontractors shall also allow representatives of OEWD and the awarding department to have access to employees of Contractor and Subcontractors and the records required to be maintained under the Policy.

- E. Noncompliance and Penalties. Failure of Contractor and/or its Subcontractors to comply with the requirements of the Policy and the obligations set forth in the Local Hiring Plan may subject Contractor to the consequences of noncompliance specified in Section 82.8(f) of the Administrative Code, including but not limited to the penalties prescribed in Section 82.8(f)(2). The assessment of penalties for noncompliance shall not preclude the City from exercising any other rights or remedies to which it is entitled. Refer to Administrative Code Section 82.8(f)(4) for a description of the recourse procedure applicable to penalty assessments under the Policy.
