

# Port of San Francisco

## Ladders and Skylights

### OVERVIEW

The Port has numerous fixed ladders at various Port structures. Some of these ladders are quite old; others are more recent; and others are quite new. The scope of this project is to remove and replace ladders that have been determined to be non Cal/OSHA-compliant throughout Port property.

The estimate for construction is \$500,000.

### SCHEDULE

<u>Activity</u>	<u>Target Date*</u>
Commence Contract Advertisement	April 2023
Pre-Bid Conference	April 2023
Due Date	April 2023
Notice to Proceed	July 2023

\*Subject to change

### PROJECT SCOPE

The scope of work is to install skylight guards, remove existing non-compliant ladders, install new compliant metal ladders, attach the new ladders to shed walls, and patch the roof as necessary at various locations throughout Port property.

### Major Categories of Work

- Ladder removal, disposal, and installation
- Roof patching
